.about {  
    My name is Praveen Suhag. I'm a 22 years old web developer striving  
    to create clean work that shows originality and creativity. I find  
    great enjoyment in designing and developing everything from tiny  
    ideas to comprehensive user interfaces. When I am not at the mercy of  
    everyday situations, I spends my time dribbbling, reading, and  
    writing stupid things.  
}  
  
.skills {  
    Languages      : HTML, CSS, JavaScript, Nodejs;
